Action Taken on Feed Back of Students/Teachers

Sl. No.	Feedback/Suggestion	Action Taken
1.	There should be facility of smart classes and more interface between industry personnel and students.	Smart classes have been established in each college for effective teaching and learning. As per curriculum of all the degree programme students are attached with different industry for 01 month under RAWE, FAWE and RHWE programme. Interface between industry and students is being organized through training and placement.
2.	University needs various basic amenities like Auditorium etc.	Each college has spacious multipurpose hall having capacity of 300 person and all the programme of cultural, convocation, workshop and seminar is being conducted in these hall. Proposal for new auditorium has been placed for approval from Government.
3.	Teaching and non teaching staffs for the department of entomology and lab and field work are required to improve the academic and research activities of the department.	Vacant post of teaching has been advertised and under process of recruitment. Non-teaching staff position has been placed for approval from Govt of Uttarpradesh.
4.	Non teaching staffs for the department and lab field works are needed to improve the academic and research activities.	Non-teaching staff position has been placed for approval from Govt of Uttarpradesh.
5.	In order to improve education, efforts should be made to recruit teaching and non-teaching staff in the university by creating more number of vacancies. To improve teaching, teachers should be given opportunity to visit universities abroad from time to time for their training and experience. The government should not consider education as a business and provide adequate grants for educational / research activities.	Vacant post of teaching has been advertised and under process of recruitment. Non-teaching staff position has been placed for approval from Govt of Uttarpradesh
6.	The curriculum should be need based for students as region, nation and world wise.	Curriculum has been modified as per need
7.	All India tour incorporated in syllabus and mandatory for all UG,PG and Ph.D students for better understanding the agriculture	All India tour for UG students is regularly done.
8.	The writing skills of students are very poor and its not possible for a single language teacher in the university to solve the issue, in every college there must be an language teacher appointed who can take care of this.	There is English teacher for english language course and one English Language Club has been established for students of poor english background
9.	Poor Service Benefits to the employees, timely payment of Salary/wages must be ensured, the university should invest some amount of fund for faculty to attend the seminar and symposium for exposure, faculty exchange programme should be done with national and international institution.	University committed to pay timely salary to the employee and also provide financial support towards participation in seminar, conferences, training etc.
